2023 Session

This Session, I count myself fortunate to have been assigned to the following three committees:

Agriculture & Natural Resources
Local Government & Housing
Legislative Audit Committee

I'm looking forward to serving YOU this session!

Faithfully,
Senator Rod Pelton

Pictured in the photo are some of the fabulous people from Colorado Rural School Alliance who do a great job working to encourage opportunity and continue boosting interests and welfare to students in rural schools.

My Bills

House Bill 23-1051: Support For Rural Telecommunications Providers

This bill concerns the continuation of the high cost support mechanism funding for rural telecommunications providers.

Essentially, this will continue to support the funding that has been allocated to the twelve rural telecommunications providers until September 1, 2024.

HB23-1051 has passed out of the House with no amendments and is now going to be introduced in the Senate.

HB23-1040: Prader-Willi Syndrome

This bill has no fiscal impact, but it does change language from a statutory legislative declaration regarding Prader-Willi syndrome and updates information associated with the syndrome to satisfy the current laws and regulations to ensure those with this disease have access to the most updated care and resources. This bill has passed the House and is now moving its way into the Senate.
